FOR IMMEDIATE RELEASE

AVW-TELAV is Official AV Supplier to Victoria Conference Centre

Victoria, BC... AVW-TELAV Audio Visual Solutions is proud to announce that we are the official in-house supplier of audio visual services at the Victoria Conference Centre, effective February 1, 2012. To better meet the needs of our customers, we recently exchanged the assets of our System Design and Integration business with Sharp's Audio Visual for the assets of Sharp's Rentals and Event Staging division, as our business model is primarily based on the rental, event staging and facility business.

Through this exchange, we acquired the Victoria Conference Centre as a valuable event-staging partner. Located in the heart of Victoria, the Victoria Conference Centre is a state-of-the-art meeting facility, featuring 73,000 square feet of meeting space, 16 multi-purpose meeting rooms, a large exhibit hall, and a 400-seat lecture theatre.

"We look forward to a long-lasting partnership with the Victoria Conference Centre and producing some of the most amazing events British Columbia has ever seen," said Janet Bennett, Director, Western Region, AVW-TELAV Audio Visual Solutions.

AVW-TELAV Audio Visual Solutions offers a complete range of audio visual and presentation technology services throughout North America. These services include audio visual and computer equipment rental, event staging, simultaneous interpretation, digital services including presentation management, audience response, video capture and webcasting, multi-microphone discussion systems, exhibit and tradeshow solutions, press conferences and technical coordination for meetings, conventions, corporate events and trade shows.

AVW-TELAV is one of the Freeman companies. For more information, visit www.avwtelav.com.
